#### **Grading Rationale**

| <b>Code of Conduct</b> | <b>Assessment Grade</b> |
|------------------------|-------------------------|
|------------------------|-------------------------|

**HMPL** obtains "C2" as its Code of Conduct Assessment Grade which signifies 'Good' performance of the COCA dimensions

Comprehensive MFI Grading provides opinion of the Rating Agency on MFT's capacity to carry out its microfinance operations in a sustainable manner and its adherence to Industry code of conduct. MFI Capacity Assessment Grading has been done on the dimensions of Capital Adequacy, Governance, Management Quality and Risk Management Systems. Assessment on Code of Conduct has been done on the indicators pertaining to Transparency, Client Protection, Governance, Recruitment, Client Education, Feedback & Grievance Redressal and Data Sharing. Some of these indicators have been categorized as Higher Order indicators consisting of indicators on Integrity and Ethical Behaviour and Sensitive Indicators

# **Conflict of Interest Declaration**

The Grading Agency (including its holding company and wholly owned subsidiaries) has not been involved in any assignment of advisory nature for a period of 12 months preceding the date of the comprehensive grading. None of the employees or the Board members of the Grading Agency have been a member of the Board of Directors of the MFI during a period of 12 months preceding the date of the comprehensive grading.

#### **COCA Methodology**

The Code of Conduct Assessment (COCA) tool was developed as a response to the need expressed in a meeting of stakeholders in Indian microfinance by the Small Industries Development Bank of India (SIDBI) and the World Bank in December 2009. The code of conduct dimensions was identified by reviewing the various norms for ethical finance. These included RBI's fair practices guidelines for Non-Banking Financial Companies, industry code of conduct (Sadhan-MFIN) and Smart Campaign's Client Protection Principles (CPP).

In 2016, the need was felt to harmonize COCA to the most recent industry code of conduct and to standardize COCA tools of different rating/assessment agencies. This grading is based on the harmonized COCA tool. In the harmonized COCA tool, the dimensions were classified in three categories – highest order, higher order and building blocks. This grading is based on the harmonized COCA tool.

| Highest Order                  |  |  |  |  |

#### Methodology

The Code of Conduct exercise is spread over four to eight days. The first day is spent at the head office. The assessment team visits the branches over the next three to eight days. Depending upon the size and the operational area of the MFI, eight to fifteen branches and between 120 and 300 clients are sampled for primary survey (except in cases where number of branches in an MFI is less than eight).

#### **Sampling guidelines**

The following is taken as the guideline to determine the sample size for a COCA exercise.

| MFI Size   | No. of branches to be<br>visited                 | No. of borrowers to be<br>visited   |
|--|--|---|
| Small MFI (Less than 8<br>branches)  | 8 – 10 branches<br>(geographically distributed)  | 120-150 clients (15 clients per<br>branch covering minimum<br>two centers)  |
| Small / Mid-size MFI (up to 2,50,000 borrowers)  | 8 – 10 branches<br>(geographically distributed)  | 120-150 clients (15 clients per<br>branch covering minimum<br>two centers)  |
| Large MFI (>2,50,000<br>borrowers)   | 12 – 15 branches<br>(geographically distributed) | 240-300 clients (20 clients<br>per branch covering<br>minimum two centers). |
| Large MFI (>2,50,000<br>borrowers) and having gross<br>loan portfolio (GLP)> Rs 500<br>crore | 18 – 20 branches<br>(geographically distributed) | 360-400 clients (20 clients<br>per branch covering<br>minimum two centers). |

### Code of Conduct Assessment exercise requires:

- 1. <u>Discussions with key staff members and the senior management at the head office</u>, particularly the senior operational management team as well as the human resources team. These discussions focus on key issues of the code of conduct identified above.
- 2. <u>Review of policy documents and manuals at the head office</u>. These are reviewed in order to assess the policy as well as documentation regarding important aspects of the code of conduct. The last audited financial statements will also be required.
- 3. <u>Sampling of branches at the head office</u>. The assessment team samples branch for review. The branches are chosen across different states in case the MFI operates in more than one state. Care is exercised to include older branches as well as branches that are distant from the head office or the regional office. The sampling of the branches is performed at the head office of the MFI.
- 4. <u>Discussions with the branch staff at the branch office</u>. Discussions with branch managers and the field staff is carried out to assess their understanding of the key code of conduct principles.
- 5. <u>Sampling of respondents in the selected branches</u>. A judgmental sampling is performed on the MFI's clients by the assessment team to draw respondents from the interest group,
  - in order to maximize the likelihood that instances of non-adherence can be detected.
- 6. <u>Interview with the clients</u>. Information from the clients is collected ideally during the group meetings. If this is not possible, visits are made to the clients' locations to collect information.
- 7. <u>Review of loan files at the branch office</u>. This review focuses on loan appraisal performed before disbursing loans as well as the documents collected from the clients.

As part of this assessment, we observed all branches and interacted with Branch Staff and Borrowers of the MFI in person and through branch visits. The details of the branches are provided below.
